WHO WE ARE

Since its inception in 2007, *Artist Profile* has been a leading quarterly journal taking its readers into the studios and minds of contemporary artists across Australasia and beyond.

We are continually evolving and expanding across print, digital and events, nurturing people of all ages and backgrounds to provide an unparalleled arts network for advertisers.

Artist Profile commissions original work from writers, artists, scholars and other creators to celebrate, inspire and stimulate debate about what it means to live and work as a visual artist today. Industry professionals engage leading practitioners and emerging talent in conversations about their art, while our renowned commissioned photoshoots by some of the country's best photographers provide intimate visual access into artists' personal and working lives. Readers delight in reading about artists' methods, previewing works in progress and discovering the life experiences that ignite the artistic spirit.

Our audience are a global network of collectors, arts professionals, institutions, and artists themselves.
